

FLEET UPFITTING

Build your fleet to work as hard as you do.

When the going gets tough, you count on your fleet vehicles to be tougher. Whether it's something as simple as truck caps, something complex like hydraulic lifts, something specific like emergency vehicle lights and equipment, or even a completely custom setup, the LAS Fleet Upfitting Program can help. With products, installation, and service available from some of the best suppliers in the country, solutions for your entire fleet are at your fingertips.

HOW IT WORKS

1. Determine what your fleet's upfitting needs are.
2. Contact one of the program's approved suppliers, requesting LAS program pricing.
3. Confirm your purchase.

PROGRAM BENEFITS

- ◆ Full suite of fleet upfitting products, aftermarket accessories, installation, and service for all types of fleet vehicles, including trucks (large and small), peace officer vehicles, and utility vehicles
- ◆ Reduced cost
- ◆ Fully trade compliant with the CETA and CFTA
- ◆ Tendering process already completed on your behalf
- ◆ Choice of approved suppliers
